Additional

These interventions support our classroom learning and help us achieve our full potential.

Participatory Budget

Our Pupil Voice group, learners and parents shared their views through surveys and conversations.

The children have decided to spend our PB on a PUSCPS Theatre Trip.

They also decided that every child should have a Credit Union account to help them save for the future. Every child will have an account opened and a contribution of £1 will be added. Existing accounts will also be given £1.

Staffing

We will have an additional Principal Teacher next year.

We will have two more Pupil Support Workers.

They will support us by delivering targeted support and interventions in Literacy, Numeracy and Health & Wellbeing.
